DON'T "CALL A DOCTOR"—

Call ON Him...

YOUR Doctor is carrying a
DOUBLE burden these
days. He's not only taking care
of his own patients, but those of
associates who are now serving
in the armed forces. His time
is precious—help him conserve
it. Instead of asking a physician
to visit your home, call on him
at his office, during regular
office hours. Above all, be consid-
erate in the matter of night calls.
And, of course, bring his pre-
scriptions to this pharmacy for
prompt, accurate compounding.

OPA SIMPLICITY

The OPA has made it clear that in the future it will give extreme care to the devising of its regulations and will make them as simple as possible.

We hope that this does not follow the style of a recent "simplifying" revision in the bakery products code. Here it is, "All commodities listed in Appendix A are those known to the trade as such excepting therefrom such thereof, if any, while subject to another regulation." What could be simpler?

As to the use of greater care in devising regulations, this will be welcome news to the food industry all the way from producers to the chain and independent retailers, whose collective heads have been spinning from the merry-go-round of orders, instructions, and directives that have whirled about them.

Up to the present, there have been 29 maximum price regulations of foods sold at retail, and 60 price regulations applying to food back of the retail level. Ten ration orders affecting food distributors have been issued. General Maximum Price Regulations have been amended more than 50 times. At least 15 supplementary orders have been issued and one of these has been amended more than 160 times!

The miracle of it all is, that we're still eating.

GROWING PAINS

The recent warning that California's "cry baby" attitude is disgusting Washington officials and may result in the cancelling of war contracts is worth noting.

Our requests and protests to the nation's Capitol have been numerous and frequently vigorous. They had to be. Things have been happening here. Even prior to Pearl Harbor our population increase had "gone through the roof." When food allotments were made this was not taken into consideration. The housing need became extreme; transportation facilities neared the breaking point. These conditions had to be eased if we were to do our share in production. We were anxious to do a good job. Due to centralization of authority we had to appeal to Washington for aid. There was no other choice. It certainly would not have been right to let these conditions go from bad to worse, thereby blocking the war effort.

On sober thought, it doesn't seem likely that there will be a general cancellation of war contracts. It is more than mere chance that California leads all other states in war production. At the beginning of the war California's statewide branch banking system took the lead in helping manufacturers swing over from peace-time to war production. This branch banking system makes available to small and large communities alike tremendous resources for financing war contracts. As long as we have the financial and industrial "know how," Washington is not likely to spike the war effort in order to spank us.

We are urged to stop "complaining" to Washington. Maybe what sounded like complaints were insuppressible winces caused by "growing pains."

"Date Conscious"? You'd Better Be - -

Here is a list of those ration dates, which make calendar-watchers of all local housewives, motorists, or, in fact, anyone who wishes to eat, drive his car, or buy an occasional pair of shoes.

June 16—stamp 18 in War Ration Book One became valid for purchase of one pair of shoes.

August 1—blue stamps R, S, and T became valid. Good for purchase of processed foods through September 20.

August 1—red stamps U became valid; good through August 31.

August 8—red stamps V became valid, good through August 31.

August 15—red stamps W became valid; good through August 31.

August 16—stamp 14 in War Book One, good for 5 pounds of sugar, became valid; good through October.

August 22—red stamps X became valid; good for purchase of meats, etc., through October 2.

August 29—red stamps Y became valid, good through October 2.

August 31—red stamps T, U, V, and W expire.

August 31—deadline for inspection of tires, C book holders.

September 1—blue stamps U, V, and W become valid and remain valid through October 20.

September 5—red stamps Z become valid, good through October 2.

September 20—blue stamps R, S, and T expire.

September 21—last day to use "A" book coupons No. 7 for 4 gallons of gasoline.

September 30—tire inspection deadline for A book holders.

October 2—red stamps X, Y and Z expire.

October 20—blue stamps U, V, and W for processed foods valid through this date.

October 31—last date to use stamps Nos. 15 and 16 in Book One, each good for 5 pounds of canning sugar.

October 31—shoe stamp 18 (in War Ration Book One) expires.

October 31—tire inspection deadline for B book holders.

Coffee has left the ration list altogether, so civilians may now face the rest of the ration news each morning with at least two cups of coffee between themselves and the hard world of reality.

It's common sense to be thrifty. If you save you are thrifty. War Bonds help you to save and help to save America. Buy your ten per cent every pay day.

Block Mothers Meet In October

There will be no meeting of Daly City Block Mothers in September, leaders of the group announced, today. Next meeting of the women will be held, Wednesday, October 6, at the home of Mrs. F. Bryant, 559 San Diego avenue.

All members are urged to plan to attend the October session and to bring new recruits with them.

Patriotic Children To See Free Show

Patriotic Daly City children will have the opportunity to help in the war effort and see a free show, Wednesday, September 1, at 1 p. m., at the Daly City theatre, according to Henry Combe, manager.

Every child bringing in an article made of brass, copper, bronze or aluminum to the theatre will be admitted free.

"This shootingest war of history needs bullets for our boys overseas, and bullets need copper for cartridge cases," said Combe in explaining the drive. He pointed out that the war activities committee of the motion picture industry is going after scrap copper in a big way to help speed up Uncle Sam's war production.

Combe has planned a big program of entertainment for the kiddies. "Nevada City" with Roy Rogers, "Sandy Gets Her Man," a Three Stooges comedy and a cartoon are to be shown.

These items of copper, bronze and brass are suggested as an indication of the type of article which may be turned in as admission price at Wednesday's gay show for the youngsters:

Ash trays, bearings, bathroom fixtures, brass bedsteads, brass buttons, candle sticks, copper coils, door keys (iron excluded), door locks, electric iron cords, electric fan blades, faucets of brass or copper, hose, nozzles, copper

Dessert diary—summer 1943

When hot-weather appetites make light dinners appropriate, reinforce the menu with a hearty dessert—one that will tempt the family into getting its full share of nourishing food. Good desserts can carry plenty of food values, you know, including vitamins, minerals, and energy-producing essentials. Our Diary of Desserts offers grand finales to lightweight menus.

OLD-FASHIONED PEACH COBBLER—Prepare biscuit dough as usual. Roll it out to a thickness of ¼ inch. Cut strip to fit around the sides of a pan about 2 inches deep. Arrange fresh, sliced peaches, sugared to taste, in pan. Dot with butter. Add ¼ cup water to create a steam. Cover peaches with remaining dough; press edges together to seal; cut large slits in top to allow steam to escape. Bake in hot oven (450° F.) for 15 minutes, then turn down heat and bake in moderate oven (350° F.) for 15 minutes longer.

FRUITED FLOATING ISLAND—Place fresh berries or sliced fruits in tall sherbet dishes, cover with icy cold, soft, boiled custard, and top with meringue made by beating egg whites until stiff, then adding powdered sugar and blending. Put a dash of jelly or jam on top of the meringue and chill.

FRUIT BETTY—Combine 1½ cups moist breadcrumbs with ¾ cup sugar and 1½ tps. cinnamon. Place alternate layers of fresh fruit and breadcrumbs in casserole, beginning with fruit and ending with breadcrumbs. Dot with butter or other shortening, add ¼ cup of fruit juice or water, cover casserole and bake in moderate oven (375° F.) for 45 minutes. Serve with light cream or thin custard sauce.

FRUIT DUMPLINGS—Make biscuit dough using just enough milk or water to make it very stiff. Stir in 1 cup chopped fruit or whole berries. Drop dough from tablespoon into gently boiling water, cover and cook 12 minutes without peaking. Drain and serve with cream or fruit sauce.

GRAPE CREAM—Beat together 3 egg yolks and ¼ cup of sugar. Add 1 cup milk and cook over hot water in top of double boiler for 5 minutes stirring constantly. Remove from heat. Soften 1 tsp. gelatin in cold water and add to cooked mixture. Cool slightly. Add 1 cup seeded table grapes and fold in 3 stiffly beaten egg whites. Pour into mold and chill until firm. Berries or other fresh fruit may be used in place of grapes.

OR DO SANDWICHES WORRY YOU? If your dessert problems are straightened out, but sandwich fillings are a bore, then read Julia Lee Wright's article in this week's Family Circle. It's packed with ideas.

THE AIRCRAFT WARNING SERVICE

IS AN ESSENTIAL PART
OF THE U. S. ARMY AIR FORCE

This winged emblem is the official insignia of the Aircraft Warning Service. You will notice that it has the "U. S. Army Air Forces" lettered on it. Civilians who play it are a real part of our Air Forces.

150,000 loyal civilians know that Posts of the AWS must be filled. The job must be done by either civilians or by fliers or soldiers badly needed at our battle fronts. AWS volunteers release men and equipment for fighting duty.

The AWS volunteer is correct in assuming that he releases many planes to the fighting front. If it weren't for the AWS we would need far more fighter planes on the Pacific Coast than we now have, in order to do the same job.

"Seventy-five families depend on me" is what each volunteer can truthfully say. Reliable statistics show each person serving on a Ground Observation Post in a Filter and Information Center is responsible for seventy-five homes as his share of protection.

COOPERATE WITH THE AIRCRAFT WARNING SERVICE

A FEW OTHER FACTS ABOUT THE AWS:

The Ground Observer Corps is that part of the Aircraft Warning Service that reports the flight of all aircraft over the landward areas. Loyal Americans, especially those in smaller towns, can usually find an Observation Post near their homes on which to serve.

The Aircraft Warning Corps is that part of the Aircraft Warning Service that receives and evaluates all reports about the movements of aircraft. There is a constant need for volunteers to join the Aircraft Warning Corps.

There is important work for *everyone* in the Aircraft Warning Service . . . father, mother, sister, and brother. Even the physically handicapped can serve. The training is brief, interesting, and educational, after which you devote only a few hours a week to a vital job.

Many additional workers are needed *NOW* to man the hundreds of military installations in this vital area. Get into this select corps of unsung heroes and heroines who are protecting our vital American frontier.

American Retailers
FIGHT for FREEDOM!

As members of the army of American retailers who see active duty on the home front, we fight to provide foods for those who must "carry on" in these trying times.

At the "top of the hill" in Daly City, Milo's Market brings you the best of foods obtainable the country over. Department heads and members of their staffs are experts in their lines, capable and anxious to help with your shopping problems. Prices are highly competitive, made possible by our really BIG STORE operations.

Check these: nationally famous brands of staple and fancy groceries; quality cuts of prime fresh and cured meats; huge selection of daily-fresh vegetables and fruits; and a full choice of fresh fish and poultry. Four reasons why you should do all your family food buying at MILO'S MARKET.

MEAT

an important step toward
a **BETTER
BALANCED
MEAL!**

Don't neglect essential meats in planning wartime menus. Of course it's hard to get (how well we know!); takes a lot of time and trouble with stamps, etc. But meat IS essential, nonetheless, in keeping your family's health in good condition.
